Item 3.03. Material Modification to Rights of Security Holders.

To the extent required by Item 3.03 of Form 8-K, the information contained in Item 5.03 of this Current Report on Form 8-K is incorporated herein by reference.

Item 5.03. Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year.

At a special meeting of stockholders held on August 15, 2022 (the “Special Meeting”), the stockholders of Embark Technology, Inc. (the “Company”), with 89.7% voting, approved an amendment to the Company’s second amended and restated certificate of incorporation (the “Certificate of Incorporation”) to effect a reverse stock split (the “Reverse Stock Split”) of the Company’s outstanding common stock, par value \$0.0001 per share (the “Common Stock”), with the final ratio to be determined by the Company’s board of directors from within a range of between 1-for-15 and 1-for-30. The vote was also recommended to be approved by stockholders by major proxy advisory firms. Following the Special Meeting, on August 15, 2022, the Company’s board of directors approved the Reverse Stock Split at the ratio of 1-for-20.

Following the close of trading on the Nasdaq Global Market, on August 16, 2022 (the “Effective Time”), the Company filed a certificate of amendment to the Certificate of Incorporation (the “Amendment”) with the Secretary of State of the State of Delaware to effect the Reverse Stock Split. At the Effective Time, each twenty (20) shares of Class A common stock and Class B common stock outstanding and held of record by each stockholder of the Company were automatically reclassified and combined into one (1) validly issued, fully paid and non-assessable share of Class A common stock or Class B common stock, as applicable, subject to the treatment of fractional shares as described below. Proportional adjustments were made to the number of shares of Class A common stock reserved for issuance under the Company’s equity incentive plans and the number of shares of Class A common stock subject to outstanding equity awards and warrants, as well as the applicable exercise price.

No fractional shares will be issued in connection with the Reverse Stock Split. Stockholders who would otherwise be entitled to receive fractional shares as a result of the Reverse Stock Split will be entitled to a cash payment in lieu thereof at a price equal to the fraction to which the stockholder would otherwise be entitled to multiplied by the closing trading price per share of the Class A common stock (on a split-adjusted basis) on the Nasdaq Global Market on August 16, 2022.

Following the Effective Time, the Common Stock will continue to be traded under the symbol “EMBK” and will begin trading on a split-adjusted basis when The Nasdaq Global Market opened on Wednesday, August 17, 2022, under a new CUSIP number, 29079J 202. The Company’s warrants will continue to be traded under the symbol “EMBKW” and the CUSIP number for the Company’s warrants will remain unchanged; however, they will be impacted by the same Reverse Stock Split ratio upon exercise.

The foregoing description of the Amendment does not purport to be complete and is qualified in its entirety by reference to the full text of the Amendment, which is filed as Exhibit 3.1 to this Current Report on Form 8-K and is incorporated herein by reference.

Item 5.07. Submission of Matters to a Vote of Security Holders.

As reported in Item 5.03 above, at the Special Meeting on August 15, 2022, the Company’s stockholders voted to approve the Reverse Stock Split. Holders of the Company’s Class A common stock were entitled to one vote for each share held as of the close of business on July 1, 2022 (the “Record Date”), and holders of the

Company's Class B common stock were entitled to ten votes for each share held as of the close of business on the Record Date. The Class A common stock and Class B common stock voted as a single class on the Reverse Stock Split. Present at the Special Meeting in person or by proxy were holders representing 244,868,600 shares of Class A common stock and holders representing 87,078,981 shares of Class B common stock (with each share of Class B common stock representing ten votes), together representing a total of 1,115,658,410 votes, representing approximately 89.7% percent of the Company's outstanding votes as of the Record Date. The following are the final voting results for the Reverse Stock Split proposal considered and voted upon at the Special Meeting.

Embarc Technology Announces Completion of Reverse Stock Split

EMBK Class A common stock will begin trading on a split-adjusted basis on August 17, 2022

SAN FRANCISCO, Calif., August 16, 2022 – Embarc Technology, Inc. (Nasdaq: EMBK, “Embarc” or the “Company”), a leading developer of autonomous technology for the trucking industry, today announced that a reverse split of its common stock at a ratio of 1 post-split share for every 20 pre-split shares became effective following close of trading on Nasdaq today. EMBK’s Class A common stock will begin trading on a split-adjusted basis when the market opens on August 17, 2022 under the existing trading symbol, “EMBK.” Based on the closing price as of August 16, 2022, the implied post-split share price is approximately \$16.56.

The reverse stock split was approved by the Company’s stockholders with 89.5% voting to approve at a special meeting of stockholders held on August 15, 2022 with the final ratio to be determined by the Company’s board of directors from within a range. The vote was also recommended to be approved by stockholders by major proxy advisory firms. On August 15, 2022, the Company’s board of directors approved the reverse stock split at the ratio of 1-for-20.

The reverse split will treat all stockholders, including all employees, equally (including both Class A common stock and Class B common stock) and the economic interest (including rights and preferences) and ownership percentage of each stockholder will be unchanged following the reverse split (subject to the treatment of fractional shares described below). Proportional adjustments were made to the number of shares subject to outstanding equity awards and warrants, as well as the applicable exercise price, this includes our founders’ performance-based equity incentives, which will have post-split price targets of approximately \$400 per share or more.

The reverse stock split is primarily intended to bring the Company into compliance with the minimum bid price requirement for maintaining its listing on the Nasdaq Global Market. The new CUSIP number for Embarc’s Class A common stock following the reverse stock split will be 29079J 202. Embarc’s warrants will continue to be traded under the symbol “EMBKW” and the CUSIP number for Embarc’s warrants will remain unchanged; however, they will be impacted by the same ratio upon exercise.

As a result of the reverse split, each 20 shares of Embarc’s Class A common stock and Class B common stock outstanding and held of record by each stockholder of the Company were automatically reclassified and combined into one validly issued, fully paid and non-assessable share of Class A common stock or Class B common stock, as applicable, subject to the treatment of fractional shares as described below. Proportional adjustments were made to the number of shares of Class A common stock reserved for issuance under the Company’s equity incentive plans. The reverse stock split will not affect the number of authorized shares of Embarc’s common stock or the par value of the common stock.

No fractional shares will be issued in connection with the reverse stock split. Stockholders who would otherwise be entitled to receive fractional shares as a result of the reverse stock split will be entitled to a cash payment in lieu thereof at a price equal to the fraction to which the

Exhibit 99.1

stockholder would otherwise be entitled to multiplied by the closing trading price per share of Embark's Class A common stock (as on a split-adjusted basis) on the Nasdaq Global Market on August 16, 2022.

Continental Stock Transfer & Trust Company ("Continental"), Embark's transfer agent, will act as the exchange agent for the reverse stock split. Stockholders of record holding certificates representing pre-split shares of Embark's common stock will receive a letter of transmittal from Continental with instructions on how to surrender certificates representing pre-split shares. Stockholders should not send in their pre-split certificates until they receive a letter of transmittal from Continental. Stockholders with book-entry shares or who hold their shares through a bank, broker or other nominee will not need to take any action. All stockholders of record who held pre-split shares will receive their post-split shares in book-entry form (unless specifically requested to be issued physical stock certificates) and will be receiving a statement from Continental regarding their post-reverse stock split ownership interest.

Additional information about the reverse stock split can be found in Embark's definitive proxy statement on Form DEF 14A (the "Proxy Statement") filed with the Securities and Exchange Commission (the "SEC") on July 15, 2022, which is available free of charge at the SEC's website, www.sec.gov, and on Embark's website at investorrelations@embarktrucks.com.

All stockholders of record may direct questions to the Company's transfer agent, Continental Stock Transfer & Trust Company, at CSTMail@continentalstock.com or at 1-800-509-5586.
